The four seasons in Gippsland

SUMMER

Summer is from December to February, with average temperatures between 13°C and 26°C. Maximum temperatures occasionally exceed 40°C.

AUTUMN

Autumn is from March to May, with average temperatures between 9°C and 22°C.

WINTER

Winter is from June to August, with average temperatures between 3°C and 13°C. Minimum temperatures are sometimes as low as -2°C in the mornings.

SPRING

Spring is from September to November, with average temperatures between 8°C and 20°C.

While most of Gippsland's rainfall occurs between August and October, it can rain at any time of the year. Temperatures can be cold in winter. If you are arriving in Gippsland during the colder months, it's recommended that you wear closed-in shoes, long pants, and have a warm jacket with you.
