

Informed and Supported Workers Program

COVID-19 Information

foodandfibregippsland.com.au/isw

The Australian Government's Health and Aged Care website states that international travellers are no longer required to provide proof of COVID-19 vaccination upon arrival in Australia.

As such, new workers arriving at farms across Gippsland may not be vaccinated.

Free COVID-19 vaccinations or booster shots are available free of charge at any of the locations below. Workers will need to have photo ID (e.g. their passport).

Contact us if you would like free COVID-19 testing kits for your farm.
